

TECHNOLOGY FORUM

Wednesday, June 9th at 2:00 pm is the kick-off of the two-day Technology Forum with over 15 Technology Exhibitors. We continue to build on past successes to meet your future needs. Join us at 3:00 pm for our Tech Super Session, "Looking Back to the Future – An evolution of Mortgage Servicing Technology." We will be featuring industry technology experts discussing the evolution of mortgage servicing technology from the past few decades, leading to discussions of future products and services to meet the industry's growing needs. Presented in our popular interactive roundtable format, this promises to be an entertaining and informative session. You will also have the opportunity to view and get "hands-on" with a variety of systems developed specifically for the industry, and ask questions of exhibitors. Providers of the following types of technology systems have been confirmed as of the date of this publication:

- Mortgage servicing systems
- Default management systems
- Electronic bill presentment systems
- Customer contact solutions
- Case management systems
- Electronic foreclosure sale information
- Property inspection & preservation data systems
