Barrels of Fun...Mystic Dunes' distinctive "whiskey barrel" bunkers menace the fairway on the 344-yard fourth hole.

Come **explore** over 7,012 yards of lush Florida terrain on an exciting 18 hole course that offers a unique mixture of both the Carolina's and the British Isles. Every golfer will experience the **challenge** and will want to play Mystic Dunes again and again until it has been **conquered**.

Designed by PGA Tour professional and NBC golf analyst, Gary Koch, the course incorporates much of the natural surroundings, preserving existing topography throughout its 156 acres.
